ABOUT

As an aspiring student in the field of web development, I am eager to secure a position as a front-end developer in a dynamic environment where I can channel my passion for crafting visually appealing and user-friendly applications. With creativity as my driving force, I aim to develop forward-looking solutions that play a pivotal role in the company's growth and success.

PROJECTS

- Budget Buddy(finance tracker)** | *React.Js, Node Js, Tailwind css, MongoDB* Jan. 2024
- Developed a personal finance management web application with elegant UI. It gives a knowledge to users about how money is working, and it can help to track where the money is going (expenditure)
 - The project includes additional features such as planning a tour based on the user's budget, tracking user investments, budget planning with a PDF download option, and daily reminders presented in the format of sticky notes
- Personalized News Website** | *React Js, Node Js, Dialog Flow, Tailwind, Bootstrap, Restful API* Nov 2023
- The React-built News website offers a personalized user experience with database based on the user requirements.
 - It includes features like share, bookmark, newspaper layout Design with download, chat bot, and quizzes.
 - Expert in crafting concise content with quick QR code generation through extensions. Specialized in delivering impactful frontend Development and shareable information
- Sketch Booker** | *Python, Html/CSS, Streamlit, CV/Pytesseract* Jul 2022
- This webpage converts photos into pencil sketch photos and also cartoon images by creating an additional layer for more accuracy
 - This is a responsive web application suitable for all devices

EXPERIENCE

- Trio devs company** | *Web Developer* Nov. 2023 – Feb. 2024
- Intern in specialization of React.js and Front end Development
 - developed and tested a Dynamic web site based on customer needs with the help of Software development life cycle and I have also gained expertise in building interactive web apps with accountable and usability-focused.
- Strackit Private Limited** | *Project Intern* Jun. 2023 – Sep. 2023
